I. GENERAL CONTEST INFORMATION

JOSFC FISHING BOARDS

For the “Annual Contests,” the largest fish of each species will be tracked on the Club Boards by Men’s, Ladies, both Junior Anglers, Light Tackle, Inshore, Inshore Junior Angler, Blue Water, and Unlimited divisions. The current year ends at 11:59 PM on September 30th. The fishing year starts at 12:01 AM on October 1st. Both men & women may post fish to the Light Tackle, Inshore, Bluewater, and Unlimited Boards. All awards will be determined by the current sitting Board of Directors and awarded to the individual winner at the end of the year banquet.

WEEKLY BOARD CONTESTS

The contest opens at each club meeting at 8:31 PM and closes the following meeting at 8:30 PM. Additionally, Fishing Board submissions will be accepted from the last meeting in September until 11:59 PM on September 30th.

1. Entries must be delivered in person, online or by proxy to the Fishing Committee or to a current Board member within a period of time not to exceed the next regular club meeting. In the event a meeting is canceled, fish slips must be submitted by either FIRST or THIRD Thursday following the date of the catch.
2. Each week a \$5 Fish Slip will be awarded to any angler who replaces an existing entry on the club boards. The angler need not be present to accept the fish slip, however, the JOSFC encourages our anglers to attend our meetings to receive their award and tell the tale of their catch. Any new entry must outweigh the old entry by at least **0.25** pounds. All entries must weigh at least 1 pound (except for the Junior Angler Boards). Anglers who replace existing fish entries at each meeting will only receive ONE JOSFC \$5 fish slip regardless of the number of fish entries won by that angler. Fish slips **MUST** be picked up by the Angler or the Angler’s designee within sixty (60) days of issuance or the fish slips will be voided and discarded.
3. A sailfish pin will be awarded to any angler for releasing their first billfish after joining the club.
4. All General Fishing Rules apply.

OFFSHORE CAPTAIN OF THE YEAR and INSHORE CAPTAIN OF THE YEAR

1. To be eligible for “Captain of the Year” you must be a member of the JOSFC and fish at least 3 club tournaments.

2. Captains will receive points toward this award based on the final place standings among the top Captains in the regularly scheduled club tournaments listed in section III, General Tournament Information. Points will be awarded based on the number of Captains participating in the monthly tournament, with a maximum of 10 points.
 - a. Example with 15 Captains: 1st place = 10 points; 2nd place = 9 points; 3rd place = 8 points; etc. through 10th place.
 - b. Example with 3 Captains: 1st place = 3 points; 2nd place = 2 points; 3rd place = 1 point.
3. Captains will also earn ONE point per eligible fish weighed for each tournament as follows: A maximum of three (3) fish may be weighed for the Sheepshead Tune-up tournament, River tournament, Shrimp Only tournament, Roulette tournament, Flounder tournament, Non-Live tournament, Unlimited Trolling tournament, May Trolling tournament, Ladies tournament and the Bottom tournament. A maximum of two (2) fish may be weighed for the Redfish tournament. A maximum of one (1) fish may be weighed for the Kingfish Tune-up tournament. These points only count toward the “Captain of the Year” competition. These points DO NOT count toward JOSFC tournaments or TWT (Tournament Within a Tournament). See Appendix I for a scoring example.
4. The “Captain of the Year” will be the captain who accumulates the highest number of points for the fishing year. They will have their name added to a perpetual plaque and be presented an award at the end-of-year banquet.
5. If a person wins “Captain of the Year” and wins another board, they would only receive the “Captain of the Year” award and receive a plaque for the second board that they won.
6. Second and third place on the “Captain of the Year” board will receive awards.
7. The captain listed on the Tournament entry form will be the individual who receives the points. They must be aboard and in control of the vessel.
8. In case of a tie for Captain of the Year, the winner will be determined by which Captain placed the highest in any club tournament. In case of a tie in the highest place, it would roll over to the second highest, and so on.
9. Final awards will be determined by the current JOSFC Board of Directors and awarded to the Captain of the Year at the Banquet.
10. Captains must choose either the Offshore Tournament series or the Inshore Tournament series when declaring for their first tournament.
11. All General Fishing Rules apply.

3. Only ONE (1) Red Snapper may be weighed and released (per boat) for any tournament where Red Snapper is included in the eligible species list. No length measurement is required.
4. Barracudas will count as fifteen (15) pounds for JOSFC tournaments. A photo of the Barracuda at the side of the boat is sufficient evidence of the catch (for JOSFC tournaments only). No weight or length measurements are required for this species during JOSFC tournaments. NOTE: Photos of the fish weight and length are only required to be eligible for JOSFC fishing boards or Club Records.
5. A release of a Sailfish will count as a 50 pound fish. Photographic evidence must be provided. Any Billfish brought to the dock and weighed will count as ½ point per pound of fish.

The formula requires that the length and girth are measured in inches. “Total Length” is the measurement from the furthest forward tip of the snout (with the mouth closed) to the end of the pinched tail. Photographic evidence of the measurements must be provided to the Tournament Director and the Fishing Director. If you wish to keep the Black Drum to eat, you u MAY weigh the Black Drum and submit a photo of the weight OR submit the calculation result.
7. Tarpon is a “Catch and Release” fish. Photographic evidence of the Tarpon at the side of the boat must be provided to the Tournament Director and the Fishing Director. 8. Each tournament MUST be fished during that tournament's designated month (No Exceptions)
9. Each Captain MUST declare their intent to fish a tournament and register on-line by 9:00 AM on the Declared Tournament Day prior to leaving shore.
10. Captains also have the option to enter a Tournament Within a Tournament (TWT) for each JOSFC tournament. Each JOSFC tournament's TWT requires a ten dollar (\$10) entry fee paid via CASH or VENMO prior to the start of fishing on the declared fishing day. TWT payout is "Winner Take All."
11. Captains MAY FOR ANY REASON CANCEL their decision to fish on the declared day by 9:00 AM, **IF AND ONLY IF**, no fishing lines or bait nets have entered the water.
12. Captains may only fish ONE declared tournament fishing day each month to be counted toward the "Captain of the Year" competitions.
13. It is the Captain's responsibility to make their decision to fish with the safety of their crew in mind.
14. Each fish that is submitted for an OFFSHORE or INSHORE club tournament MUST have a photo showing its length (properly measured according to FWC rules).
15. Each fish that is submitted for an OFFSHORE or INSHORE club tournament MUST have a photo showing its weight on either a State Certified scale, JOSFC Approved Digital scale or a photo of the fish with a weight slip from a State Certified scale.
16. State Certified scales for JOSFC tournaments include, but are not limited to: Mayport JOSFC scale, B & M Bait and Tackle, Avid Angler, Beamish Custom Tackle and the Vilano Bait Shack.
17. Photos of each fish submitted for a JOSFC tournament, including weight and length, MUST be uploaded via the online "Tournament Catch Submission Form" or emailed / texted to BOTH the Tournament Director and the Fishing Director by MIDNIGHT on the declared day of fishing (No Exceptions).
18. Boats may depart and enter the ocean using any of the inlets on the current JOSFC chart.

"Non-Live", "Unlimited Trolling" and "May Trolling" JOSFC tournaments' eastern boundary will be 100 miles offshore (079° 27' W).
20. All Captains MUST check in via TEXT or PHONE (NOT E-MAIL) to the Tournament Director AND the Fishing Director by 9:00 PM of the declared tournament day or emergency contacts will be called.
21. A minimum of three (3) Captains must fish a JOSFC tournament for that tournament to count toward the "Captain of the Year" competitions.
22. There is NO lines-out time for ANY tournament.

23. Anyone who receives a ticket or citation for an illegal fish will be disqualified from the tournament. This includes being over the bag limit or having a fish that is over or under the size limit.
24. Any fish that is decomposed and/or mutilated, so as to impair its fighting ability, will be disqualified for entry.
25. All fish must be of legal size according to Florida fishing rules, except for a billfish that was released. Anyone weighing in an illegal fish will be disqualified. Any billfish brought to the dock will score 1/2 point per pound in all tournaments where billfish are eligible species.
26. If there is a tie for FIRST PLACE in any JOSFC tournament, each "FIRST PLACE" winning Captain will earn the maximum points toward "Captain of the Year," but the fish slips awarded will be equally divided between the "FIRST PLACE" winning Captains (the \$30 First Place award and the \$20 Second Place award will be evenly divided into two \$25 awards). No Second Place award will be given if a First Place tie exists.
27. During all Tournaments each participating vessel must have at least one JOSFC member on board. The captain will act as observer and see that the crew knows and obeys the rules.
28. All boats must display a club burgee (JOSFC pennant) always when fishing club tournaments.
29. A non-member captain may participate in any tournament upon applying for membership by paying the membership fee online the night before the tournament and producing the receipt that the fee has been paid. This will be applied towards the purchase of a JOSFC burgee and also includes the \$25 Application Fee.
30. Each tournament's results will be presented at the first Thursday JOSFC meeting of the next month and will not be made available prior to that time.
31. All General Fishing Rules will apply.
32. All fishermen need to stay in the boat during club tournaments. No divers or land based fishing may take place, except as specified in the rules for the Junior Angler Tournament.
33. During club tournaments, "Captain of the Year" points will be based on the weight as outlined by each individual tournament's eligible species.
34. This is an honor club. Due to the high cost of gas, if during any tournament you wish to fish for some fish to eat you may. For example, during a trolling tournament, if you wish to bottom fish for some fish to take home to eat, you may do so. You are just expected to ONLY weigh fish caught while trolling as per the tournament rules.
35. All boats must have a fixed mounted WORKING VHF radio for all offshore tournaments.
36. Maximum number of lines in the water shall be 6.
37. A Captain may win only one place.
38. The Tournament Director must enforce the rules as written, but will make a note of any controversial rules which should be discussed at the next rules meeting.

39. There is no check out time for any tournament - leave when you want. However, fishing starts at first safe light.

V. AMENDMENTS

ANNUAL RULE REVIEW MEETING

Each year in late August or early September there will be a meeting with the sole purpose of discussing possible changes to the rules set forth in this document. This Rule Review Meeting will be open to all active JOSFC club members. The time and location will be announced at least thirty calendar days prior to the meeting.

Those wishing to propose changes to the fishing or tournament rules must submit the suggested changes in writing, along with the existing verbiage that would be affected, if applicable. These suggestions may be submitted to the Board of Directors ahead of the meeting (preferred) or may be submitted in person at the Rule Review Meeting.

The Rule Review Meeting will be moderated by the Fishing and Tournament Directors. Notes will be taken by the club Secretary or a designated alternate. During the meeting each suggested change will be discussed as a group. Once discussed, the moderators will call for a vote as to whether the rule suggestion should be further considered by the Board of Directors or dismissed. The vote will be determined by a simple majority and all active members present at the meeting may cast a vote.

At the next Board of Directors meeting, the Board will review each of the approved suggestions and vote as to whether the suggestions should be made for the following club year. This additional review helps ensure that suggestions being applied are in the best interest of the club.

Once all rules suggestions have been reviewed and finalized by the Board of Directors the rule document will be updated and published to the website. This should be done as close to October 1st, the beginning of the following club year, as possible.

OUT OF CYCLE RULE CHANGES

When possible the Board will avoid making changes to these rules throughout the year. This ensures that catches and contests are evaluated equally regardless of when they occur. However, from time to time the need may arise where a mid-year amendment needs to be made for the good of the club, our members, or our fishery. If such a change is to be made, the following procedure will be followed.

1. The suggested change will be presented in writing to the Board of Directors.
2. The suggested change will be reviewed by the Board of Directors.
3. If the suggestion receives a simple majority vote from the Board of Directors with a quorum present it will qualify for a member vote..

4. The rule suggestion will be distributed to club members via email and Dock Talk for review.
5. A member vote will be held at the next regular club meeting which is no less than seven days after distribution.
6. The suggestion will be approved based on a simple majority member vote with a quorum present,
7. If approved, the suggestion will be added to this rules document as an amendment and published to the club website.
8. The amendment will be incorporated into the main document during the next rule review cycle.
